629 South Hill Street, Los Angeles, California, July 8, 1940

Mr. J. H. Nichols, R. F. D. No. 1. Box 224, Buena Park, Calif.

Agent for United Oil Company

Dear Sir:

Your report of abandonment of well No. "Schimming" 1. Sec. 25. T. 4 S., R. 11 W., S. B. B. & M., Orange County field, dated June 19, 1940, and submitted to this division on our form 103, has been examined in conjunction with records filed in this office.

A review of the reports and records shows that the requirements of this division, which are based on all information filed with it, have now been fulfilled.

Yours truly,

R. D. Bush State Oil and Gas Supervicor.

Date	July 3, 1940			Title	President	(President, Secretary	or Agent)

It is of the greatest importance to have a complete history of the well. Use this form in reporting the history of all important operations at the well, together with the dates thereof, prior to the first production. Include in your report such information as size of hole drilled to cementing or landing depth of casings, number of sacks of cement used in the plugging, number of sacks or number of feet of cement drilled out of casing, depth at which cement plugs started, and depth at which hard cement encountered. If the well was dynamited, give date, size, position and number of shots. If plugs or bridges were put in to test for water, state kind of material used, position and results of pumping or bailing.
